S.A. Kelly Ltd

Painting & Decorating Specialists

All Star Lanes bowling alley

All Star Lanes are boutique retro-themed bowling alleys incorporating private function rooms, cocktail bars and American style diners.

S.A. Kelly was commissioned by Interior Service to provide the interior decor for the All Star Lanes bowling alley in London

Each location demanded a high degree of versatility to showcase the design of its boutique retro-themed bowling alleys, cocktail bars and American-style diners to best advantage. Authenticity was paramount. So too was the creation of a sophisticated ambience for the private function rooms.

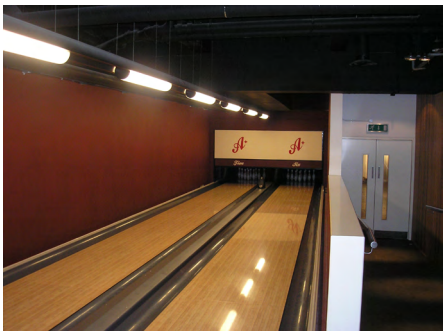
Providing a first-class service in all aspects of painting and decorating

Our team provided a top-class service in all aspects of decorating, from spraying to paper-hanging, often within short timescales and under challenging conditions. We were able to demonstrate the necessary professionalism for this diverse project and repay the conviction of Steve Peters and Paul Gavan of Interior Service, in our company. The collaboration has been so successful that we have recently completed a further two venues and are currently involved in All Stars Lanes new location in Westfields, Stratford City.



High-quality finishing

Top:
One of the private bowling lanes during preperation

Bottom:
Wood panelling completes the American trophey room theme

Modern wallpaper, retro-theme

The combination of finishes and wallpapers enhance the retro-theme whilst remianing stylish and modern.

Interior Service

Our thanks go to Interior Service for allowing us to feature this project.
