Painting & Decorating Specialists

## Coventry Building Society

S.A. Kelly have been engaged in various projects for the Coventry Building Society since 2007 and have developed an excellent working relationship.

## A variety of skills for a variety of projects

These projects are broad-based and cover the network of branches across the West Midlands. We have undertaken a wide range of decorating services both internally and externally, including wide vinyl paper hanging and spray painting of interior and exterior shop fronts.

## Providing a first-class service in all aspects of painting and decorating

The combined expertise of designers, architects and decorators ensured a perfect mix of traditional skills and modern materials where used to striking effect. We fulfilled the brief to create a welcoming yet serviceable environment, using a chosen colour scheme which was carried through the network of branches.

Preparation for renewing metal cladding

## Efficient service delivery

We work out of hours to meet tight deadlines and always endeavour to make sure projects are completed on time.

Our thanks go to Woodcraft Joinery for allowing us to feature this project.
