Painting & Decorating Specialists

## Extended and refurbished private residence, Elstree

S.A. Kelly have been engaged in various projects for Interior Service since 2007 and have developed an excellent working relationship.

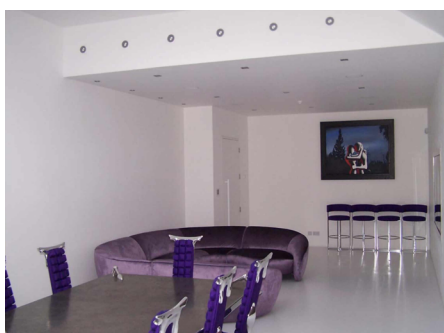

## Interior Service recently commissioned us to provide a full renovation of a private residence.

The property underwent a complete strip back to its original shell. A full internal and external refurbishment was then carried out, together with a spiral staircase, furniture and fittings. The result was a fresh, mainly white interior with keynote features throughout, to add splashes of colour.

## Providing a first-class service in all aspects of painting and decorating

The combined expertise of designers, architects and decorators ensured a perfect mix of traditional skills and modern materials to striking effect. In stark contrast, the main bedroom and bathroom were decorated with a black theme, which was both smart and cocoon-like.

### High-quality finishing

#### Top:

Main landing and spiral stairs finished in white

#### Bottom:

Sitting and dining areas also include state-of-the-art automation and lighting control continued throughout the house

### Contemporary design with a twist

S.A. Kelly, consistently delivers the best possible finish to walls, ceilings fixtures and fittings.

Our thanks go to Interior Service for allowing us to feature this project.
